FINLAND

Four seasons, UNESCO-listed archipelago and almost 200,000 lakes, modern urban cities and wilderness of Lapland. Finland is the prime destination in Europe for unforgettable events for your employees, customers or other stakeholders. Finland has been ranked as the happiest country in the world for several times and we believe that the country's smart cities and the vast, green nature areas are the key elements to the happiness.

Finland is the perfect location for first-class international conferences. Helsinki, the capital, is an international flight hub and a central link between Asia, Europe and North America. In addition, there are several other cities suitable for events and congresses. Finland boasts a variety of widely recognized conference venues that cater for all kinds of needs. Our expertise and experience in corporate events guarantee that even the most demanding congresses are executed flawlessly.

More than 70% of Finland is covered by the forests. This combined with thousands of lakes and the Baltic Sea surrounding the country makes Finland the destination for unique incentives. The stunning nature provides great activity options for those looking for adrenaline-filled adventures, or for those searching for peace and quietness. The cities in Finland boast of design, architecture and vivid culture, but still give space for the guests to breathe.

SAFE, CLEAN AND PURE

A serene landscape photograph of a Finnish lake at sunset. In the foreground, a rustic wooden pier with a railing made of logs extends into the water. The sky is a mix of orange, pink, and blue, with the sun low on the horizon. The water is calm, reflecting the colors of the sky and the surrounding forest. The background is filled with a dense forest of tall, dark evergreen trees. The overall mood is peaceful and natural.

Finland's air quality is better than that of any other country on Earth and Finnish water is amongst the purest in the world. According to the Global Travel and Tourism Report by the World Economic Forum, Finland is also the safest country in the world.

Iittala Brand Store

Iittala is a Finnish design brand known for its high-quality glassware, ceramics, and home goods. One of Iittala's most iconic products is the Aalto Vase, designed by renowned Finnish architect and designer Alvar Aalto in 1936. The vase has become a symbol of Finnish design and is considered a classic in the world of design.

Artek Brand Store

In 1935, four young idealists (Alvar & Aino Aalto, Maire Gullichsen and Nils Gustav Hahl) established a dynamic company with grand ambitions. Not least of these was to market and sell the Aaltos' furniture, lighting, and textiles, particularly on international markets. Today, Alvar Aalto is still central to Artek, both in the timeless designs that form a major part of the collection and in the enduring influence of his design legacy.

PRIVATE PRE-DINNER CONCERTS

Temppeliaukio Church, also known as the Rock Church, is a unique Lutheran church in Helsinki, Finland. It is built directly into solid rock, giving it a striking natural aesthetic. The interior features rugged, exposed rock walls and a large copper dome roof that allows natural light to enter through a circular skylight.

Due to its excellent acoustics the church is a popular venue for concerts.

OUTDOOR ACTIVITIES

Finland is the most forested country in Europe and there also is more than 180,000 lakes in Finland. That means that you can reach greenery and the calm of nature only in 30 minutes from Helsinki. It has scientifically been proven, that spending time in nature reduces stress

Enjoy peaceful moments in Finnish nature: hiking, E-fatbiking, kayaking, forest yoga, forest walks, berry picking and snacks around campfire!

ICE SCULPTING

Ice sculpting is the coolest corporate event you can do –also in summer!

We have the best ice sculptors in the business to show you how to create some of the most creative and innovative ice sculptures in the country. Ice sculpting is something that can be done by anyone, and is an activity that will encourage full participation by the whole team. It is a truly unique experience that will be remembered for years after. The experienced ice sculptors will teach participants all they need to know about ice carving before setting them the challenge of creating their own. Ice carving encourages teams to work together and communicate effectively, in order to produce their own masterpieces. It is an exciting event that will really wow your team.

We don't do ice sculpting with chain saws. Team Bonding is known for stretching the boundaries of fun, but even we have our limits. What you do get is an interesting, out-of-the-ordinary team building experience that serves as a great icebreaker.

Participants are divided into teams whose ultimate goal is to sculpt a large block of ice into a masterpiece. The results are fun, funny, and sometimes pretty impressive! The guides are very good at engaging hearts and minds, and laughter is one of our secret weapons. Now put on some gloves, grab a chisel and get creative!

Duration ca. 2 hours.

CORPORATE BODY BUILDING

In Corporate Body Building, a fun filled team building event, people use their bodies to create the company brand name, logo or icon. Watch as the teams once in position dance the mexican wave, jump and move in and out of position. Filmed from above with a drone copter the results are an impressive and lasting reminder of amazing teamwork.

Key outcomes: engagement, brand awareness, wellbeing, teambonding, corporate culture, motivation

Duration ca. 2 hours.
