

ELÄMYS DMC

YOUR BEST PARTNER FOR DMC
SERVICES IN FINLAND

ELÄMYS DMC

Who we are:

Elämys DMC is your premier destination management company and incoming tour operator for the enchanting country of Finland. With over 25 years of expertise in orchestrating events, business trips, corporate outings, meetings, congresses, trade fairs, and incentive groups, we are your trusted partner in creating memorable experiences. Our commitment is to unveil the very best that Finland has to offer while allowing you to focus solely on the essence of your event. Our diverse team comprises travel experts and event producers, making Elämys DMC your one-stop solution for all your needs. From the vibrant heart of Helsinki to the pristine landscapes of Lapland, our operations span across the entirety of Finland, ensuring that every corner of this stunning country is within your reach.

What We Offer:

Finland is an exceptional destination for any event or incentive trip. Whether you are looking for excitement in outdoor adventures, indulgence in food, creative inspiration in design or architecture, Finland provides a wide range of options to suit every interest. As your local partner, Elämys DMC will show you the best that Finland can offer and will plan you an unforgettable incentive, meeting, or any other event anywhere in Finland. At Elämys DMC, we pride ourselves on curating exceptional and tailor-made experiences, ensuring that every moment in Finland is a cherished memory, be it meetings, incentives, congresses, conferences, or other business event services.

FINLAND

Four seasons, UNESCO-listed archipelago and almost 200,000 lakes, modern urban cities and wilderness of Lapland. Finland is the prime destination in Europe for unforgettable events for your employees, customers or other stakeholders. Finland has been ranked as the happiest country in the world for several times and we believe that the country's smart cities and the vast, green nature areas are the key elements to the happiness.

Finland is the perfect location for first-class international conferences. Helsinki, the capital, is an international flight hub and a central link between Asia, Europe and North America. In addition, there are several other cities suitable for events and congresses. Finland boasts a variety of widely recognized conference venues that cater for all kinds of needs. Our expertise and experience in corporate events guarantee that even the most demanding congresses are executed flawlessly.

More than 70% of Finland is covered by the forests. This combined with thousands of lakes and the Baltic Sea surrounding the country makes Finland the destination for unique incentives. The stunning nature provides great activity options for those looking for adrenaline-filled adventures, or for those searching for peace and quietness.

The cities in Finland boast of design, architecture and vivid culture, but still give space for the guests to breathe.
